

JBL® CONTROL® ONE AW

All-weather control monitor

With a compact two-way design in the JBL® Professional tradition, Control® One AW monitors take true studio performance to patios, terraces, bedrooms and kitchens, among other places. Control One AW is the original rugged, compact monitor loudspeaker that crams more than 60 years of JBL expertise into an unobtrusive, all-weather package. Available as pairs in white, Control One AWs let you enjoy the full impact of your favourite music or movies in all your favourite places, indoors or out.

JBL CONTROL ONE AW

All-weather control monitor

HIGHLIGHTS

Compact design and unobtrusive footprint

Easy setup and use

Wall-mounting system included

All-weather construction permits installation outdoors, on decks, patios or pool areas*

Enjoy great JBL sound around your home

Add surround speakers to your home theatre system

Connect to your computer and enjoy your music library anywhere in your home

Outstanding JBL performance

100mm (4") poly laminate woofer produces a rich, deep bass response

12mm (1/2") titanium-laminate tweeter delivers sparkling, clear high frequencies throughout the listening area

* Please note that while the JBL Control One AW is an all-weather outdoor loudspeaker, it is not waterproof. The speakers should NOT be submerged or directly exposed to water, ice, snow or sustained moisture.
